

Rockwell Part

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working within an atmosphere which encourages the utmost integrity with empowered teamwork, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with any questions or comments, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely devoted to preserving and improving the surroundings. AxleTech has an EHS program that not only protects the natural world but which even actively protects their workers and neighbors as well.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, which can include anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech specifically designs axles to meet particular application demands. They have over one thousand different axle specs in their present offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in several military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which could be found in the "ISAS" product collection.
