

Concrete Hopper

Concrete Hopper - This particular accessory is a self-dumping hopper which automatically triggers to unload whenever bumper release contacts the side of a dumpster. After dumping is finished, the hopper returns to a locked and upright position. This particular piece of equipment is likewise offered with a cable that enables operation from the seat of the forklift to be able to have the choice of manually unloading the hopper. There is a locking chain provided so as to lock the hopper to the tire truck. This particular product is made with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish in order to maintain durability.
